Update

on the National Lesbian Conference

This is our first national mailing to let you know the progress of organizing for the conference. We thank you for your interest and look forward to working with you.

With the ongoing process of flyers being distributed through various mailings, handouts and cultural gatherings etc., we have already received 1000 returns from women interested in the conference. We are in the process of compiling an endorsement list and sending out letters to national organizations which are concerned with lesbian issues.

To ensure multi-cultural and national input for this conference, nine regional meetings have been scheduled. These meetings will provide a forum for women to review the tasks needed for organizing in their regions, determine who will be planners for their regions, and identify what concerns they would like to be addressed at the first national planning meeting, to take place March 4 and 5, 1989 in Durham/Chapel Hill, North Carolina. The time, place and structure for the national conference will be decided at this meeting in North Carolina.

If you are unable to attend a regional meeting due to time or distance, we urge your community to meet independently and send your input to either the regional contact women or the national address: P.O. Box 3057, Albany, NY 12203.

If you plan to organize a local meeting, we can send the suggested agenda and detailed work needs for planners to consider. Phone (518) 463-1051 for information.

We ask women to consider the challenge of creating safe spaces for sharing diverse thoughts and feelings. Please send us ideas of how to meet this challenge to find our common threads and our uncommonly amazing strength.
